THE HOME, USEFUL AND SUGGESTIVE.

SOUP Pudding.—Chop fine a quarter of a pound of suet and mix it with a half pound of flour, a few bread or cracker crumbs and a little salt; when well mixed together make it into a cake, a little water, and two stiff whites of eggs, beat into it. Pour it and the water into a pudding hot; put into boiling water and bake about two hours.

CORAL FRAMES.—Have a frame made of putty to fit the picture you wish to frame, then cover it with any garbled bush small twigs, tack them to the frame with small tacks; then melt one of yellow resin four parts and one of vermilion one part and while warm apply to the frame and twigs with brush, covering the twigs and all particles.

SUPP STOCK.—Bone a leg or shin of beef weighing ten pounds, saw the bone in two parts and take out the marrow. Set the bone in a bowl in six quarts of water. Put the marrow into another saucepan with the meat, cut up small, add a pound of bacon; turn it well over until it is fried a nice brown, then add the liquor of the bones, cover up and simmer two hours. Strain it through a sieve and set away to cool. The fat may then be taken off, and the soup will be ready for any soup that may be made from the same frame that snow.

A DRESS FOR THE BABY.—Perhaps some of the mothers who have the little ones' laundry to look after will find a dress made of muslin a yard and a half in length, sewed together at the bottom, to form a bag when finished, and fastened to a waist-band, of much assistance in keeping a creeping child's clothes clean. The bag does not impede progress and keeps the mother from continually looking after it when it strays from the rug or sward.

FEVERISH BRUISE TONIC.—Take three pounds, a score, of lean bmt, entirely free from bone or ristle; put it into a jar with two tablespoonfuls of cold w. a. r. then cover with a very close fitting lid. Set the jar into a saucepan containing sufficient boiling water to reach within two inches of the top of the jar, and keep it boiling o' four hours. When more water has to be added it should always be boiling. When done enough the meat must be

FLOOR PAINTING.—The following way of framing a dining-room floor may be of use to many who are tired of the ordinary

repet, and whose means are too limited for the purchase of a better grade. Take a board eighteen inches square and draw a line diagonally across it from one corner to the other diamonds all around the room letting one point of the board touch the wall and the side panel meet each other. In each point draw a circle [now] the work is ready for painting. The colours can be purchased, prepared and put up in cans. First paint the spaces next to the wall, half diamond, dark brown; next paint the circles a dark gray or dark blue and the remaining work light gray or light blue. When

GRAYAT BACNET.—A pretty present for young men is a grayat bacnet. It must be long enough to hold long ties folded once. Cover it with a cloth, and make a border of velvet, or possibly but evenly two fifteen-inch long narrow two-inch wide pieces of stout card-board, and one two-and-one-half inch wide piece of stout card-board with linen, then stitch down between each board, as they will be separate and

fold over each other readily, you must have a little space between card-board for this purpose, because the quilted and permeal must have space to fold in. Use the two larger pieces with mahogany-coloured quilted permeal with heliopsis satchet powder which you can get at any druggist's and cover outside with velvet of same colour. Tie the satchet with gold cord and tassels, or with satin ribbon, as preferred.

LIVE LIKE LOVERS.—Married people should

that each other like lovers all their lives—that they would be happy. Bickering and quarreling would soon break off love affairs; consequently lovers indulge in such only to a very limited extent. But some people—men and women both—when they have once got married think they can do just as they please, and will make no difference. They make a great mistake. It will make all the difference in the world. Women should grow more devoted and men more fond after marriage, if they have

the angriest idea of being happy as wives and husbands. It is losing sight of this fundamental truth which leads to hundreds of divorces. Yet many a man will scold his wife who would never think of breathing a harsh word to his sweetheart; and many a wife will be glum and morose on her husband's return who had only smiles and words of cheer for him when he was her suitor. How can such people expect to be happy!

ORANGE MARMALADE (SMOOTH).—Weigh

Remove the oranges and wash them like the same before. Wash the white sugar; wipe all the oranges with a clean cloth and grate off the zest. Cut the oranges into quarters, take off the skin, peel the yellow part off, carefully leaving out all the pips and white of the skins; take the pips of the pulp and carefully, boil the yellow rinds until they are so tender they will beat to a mash; squeeze out all the water out of them; remove the strings and parts before you pound them; then clarify the sugar (if necessary), and mix the syrup with the orange juice and the pounded skins, stirring well together.

spoon as if you were making starch; when it is well mixed put it into the pan and let it boil till the sugar is incorporated with it; then put in the pulp of the orange and boil till it is smooth and thick. You will know when it is enough done by its becoming more difficult to stir and looking of a finer colour. Pour the grated nut in a mortar; take off the marmalade and stir it in carefully. Then set the pan on the fire again and let it boil till thoroughly mixed. If you do not wish it very

THE POWER OF EXAMPLE.—A practical application of some of the least lessons in life is every day presented by some of the poor and lowly of mankind, and no doubt many of us would do well to take example by them. For instance: The woman who, with a scant wardrobe, is always neat, clean and tidy in her person; is patient, gentle and affectionate

her domestic stream, even amid the various and trying duties of watching over her sick or weak children, and with small funds at her command, is economical and judicious in her household management, is a far greater benefactor to her husband, and her influence is much more beneficial to all than that of the woman of wealth who is engaged largely in charity, expects to be repaid in kind, and is more anxious to be reverenced in return. The man whose regularity and propriety of conduct co-operate with such a woman as this, and who shows his fellow-men the conditions what temperance, industry, mod-

articles that stalks of rhubarb become a staple of commercial importance in the London and other vegetable-markets in the kingdom. Heredity is an important fact in Japanese labor. In many of the villages the craftworkmen trace back their pedigree, both in skill and blood, from three to twenty generations. Individuals may be left to occupy themselves with whatever amuses them, whatever gives them pleasure, whatever they think useful, but the deeper study of mankind is man.

ANNUAL CONCERT.

LIST OF PRIZE-WINNERS.

The children attending the above schools have had five times of it at the Mechanics Institute during the past week, having given no less than three public performances of their highly attractive and novel entertainments. The first was given on Saturday afternoon, for children only, and whilst affording immense enjoyment to a large number of juveniles, gave the performers an opportunity of rehearsing their well-studied parts before appearing in the more important entertainments of Monday and Tuesday nights.

On the two nights last mentioned, the Mechanics Hall was crowded to excess with an interested throng of parents, relatives and friends, who evinced entire appreciation of the clever feats of the numerous artists. The teachers had their forces well under control, and the precision and unity with which many of the difficult items were gone through, showed that much time had been spent by both teachers and scholars in attaining such perfection.

The programme opened with the chorus "We are forest children," by all parts. "The Drills by the infants were cleverly gone through, and heartily applauded, the exercises being with the tambourine and hoop. Dorothy Chadwick recited "Pussy" with Taylor and Joseph. "Not quite a bargain," and the action song "Baby" and "Tall top hat" were also rendered by the juveniles. Of the items by the infants, however, the Kindergarten Quadrille was the most popular, and had to be repeated in response to a determined encore. The dance was very graciously gone through by the little minxes with evident enjoyment, and the audience was contrived in laughter each time the little men swung their partners round at the end of the figures. The action song "Crossing swimmers" was gone through by the following:—Miss Chadwick, Miss Hammett, and W. Gibson. Exercises with the wand were cleverly demonstrated by the following:—G. Taylor, T. Parker, H. Mahon, E. May, W. Crowley, L. Todd, S. Ward, A. Lunn, J. Elsworth, S. Durham, D. Copley, J. Taylor, D. Fowler and J. M. Walker. "The Pedlar," an action song was sung by J. Elliott, the chorus being taken up by a number of the older boys. The girls in the "Zan Telegraph" went through a variety of exercises with very pleasing effect, and the first part of the programme concluded with the Fan Drill, by the following girls:—M. Chadwick, A. Sunderland, E. Goldthorpe, B. Butterfield, M. Jensen, L. Enzly, M. J. Jackson, E. Wright, S. Bowley, L. Jackson, F. Nichols, E. Whaley, L. Wiles, A. Jackson, G. Sykes, L. Wright, A. Deere, and A. Woodhead.

After a brief interval, the Operetta "Mr. Nobody," was commenced, the characters and performers being as follows:—Dance Huntley, an old woman who has lost her memory, and who is called "Nobody"; Phyllis and Dorothy (two happy school girls) going into the woods to play; Elizabeth Chadwick and Polly Butterfield; Mr. Nobody (who is called "Nobody" because he is a miser); Michael (full of tricks and practical jokes); Charles Hirst; Old Peter (whose orchard has been robbed); Percy Chubb; Policeman; and a number of other characters. The operetta was a very successful one, and was well received by the audience. The operetta was a very successful one, and was well received by the audience.

ROTHWELL BOARD SCHOOL TEACHERS' SOCIAL.

The annual gathering of the teachers in the Rothwell Board School, and their friends, passed off with unusual brilliancy, on Friday evening last, about 120 persons being present. The fact that this was the first time the spacious new rooms recently erected by the Board, have been open to the public, doubtless accounts for the large attendance, and the fact that the decorations, the brilliant illumination, and the merry assemblage of people, mostly young, in the handsome Central Hall, and adjoining rooms, was an exhilarating sight.

The Central Hall, which makes a pattern ball-room, was occupied most of the evening with dancing, commencing at eight o'clock, the programme being as follows:—Scherzando, polka, quadrille, schottische, Lancers, waltz, mazurka, waltz, Circassian circle, waltz, Lancers, pas de quatre, quadrille, waltz, Lancers, waltz, schottische, quadrille and waltz.

The "tripping of the light fantastic toe" was, however, pleasantly interspersed with musical items, which were also much enjoyed by both the dancers, and by those whose tastes or wishes inclined otherwise. Amongst these were songs by Miss Ethel Rith "Anchored," and "A Batty" "There's nothing very singular in that," and Mr. Walter Brook, "Waiting as she was waiting," "Stammering Sweetheart," and "Different styles of singing." Much to the amusement of the guests, and also to the delight of the lady, Mr. Snel introduced his protegee in "Joy had lands," the principal actors in which were Miss Ethel Rith, and Mr. Walter Brook, "Waiting as she was waiting," "Stammering Sweetheart," and "Different styles of singing."

During the interval, at two o'clock, refreshments were provided, and the tables were again filled with the lively company, the repeat taking place in the re-arranged old school-room.

One of the new class-rooms was set apart for those who preferred other amusements to dancing, the principal attraction being the phonograph, hired from the Kinetoscope Co., which was played until nearly midnight. The instrument repeated marvellous reproductions of "a speech by Mr. Gladstone," the song "My Old Dutch," a selection by an American Band, comic songs, etc., and was in constant use throughout the evening.

The music was provided by Messrs. M. Forster (pianist), and R. H. Lewis (piccolo). The plants, which added greatly to the beauty of the scene, were kindly lent by Messrs. Clayton, and Messrs. King, who were assisted by the Temperance Society, through the good offices of Mr. Bray, whose help was very valuable.

Members of the Board were present, and the pleasant "social" was kept up until nearly three o'clock, everything being ended by a thunderous success.

Mr. Nowson pointed out that the Com-

mittee had taken care to bring this very

matter before the Council, before taking any

steps, and there was then no opposition

to the proposal.

Mr. Walter Hargreaves expressed himself

in

JUGGLING EXTRAORDINARY.

The Russians have long exhibited a remarkable taste for juggling and all that smacks of the marvellous. Conjurers, prestidigitators, ventriloquists, and the entire race of mountebanks, who in France and England astonish the gaping crowds of races and country fairs, ever find a ready welcome and liberal encouragement among the higher classes in the capital of the czar. About the beginning of the present century a species of Wizard, or rather a superior kind of Wizard of the North, made his appearance at St. Petersburg, and astonished the natives by his marvellous per-

ROTHWELL DISTRICT COUNCIL.

THE ELECTION OF CHAIRMAN.

A UNIQUE POSITION.

THE COUNCIL COMES TO A DEAD LOCK.

The first annual meeting of the above Council, was held on Wednesday night, at the 'Mechanics' Institute. The members present were: Messrs. T. Hargreaves, J. Hargreaves, H. P. Newson, John Oliver, Walter Hargreaves, T. Oliver, B. Taylor, W. Hargreaves, C. Ward, J. Armitage, G. Armitage, J. Smith, T. Chapman, T. Madocks, with the clerk (Mr. Wimbush), medical officer (Dr. Stevenson), collector (Mr. A. Marshall), surveyor (Mr. Tuley) and nuisance inspector (Mr. Jones).

This being the meeting according to the new Act, when the Chairman should be elected for the next month, the members opened the proceedings, and asked the members to appoint a Chairman.

Mr. Harrison at once explained that he proposed Mr. Oliver for the position, for the term of office, it was with the intention that that gentleman should occupy the position, for the same period as they had been elected as the representatives.

On this account he proposed that he be re-elected.

Mr. Ward seconded, without offering any remarks.

Mr. James Armitage said he was sorry that on similar grounds to those he had previously taken up he would have to propose an amendment, as the Council was a gentleman for the position. It was a hardship to the minority, in the first instance, that Mr. T. Oliver should be put out of office, after only being in the chair for eight months. He was of opinion that these honours should be fairly distributed, and he had pleasure in proposing the name of Mr. John Oliver for the chair. Mr. Oliver was in every way qualified; he had been in the Old Board for fifteen years, during which time he had been in the chair two years.

Mr. T. Oliver seconded, without offering any remarks.

Mr. J. Armitage said, fifteen years in the old board and no fault had been found with him during that time. The Council was not more than he did, the turn affairs taken, and he thought that for the sake of the amicable working of the Council, it was a great mistake that Mr. Oliver should have been taken as a hurry for the chair. He was like a child with a new dress, that could not wait until Sunday to put it on. He did not know what Mr. Oliver thought of himself, but he did think he was very comfortable in the chair during the past three months, and he did not think that he had a comfortable position if he were elected that night. Nearly the end of the twenty-two years of the past board, he had been in the hands of one or two of his representatives, and he was not fairly distributed, and he took it as a hardship and dirty action to have thrown him out of the position before he had occupied it for twelve months. The Council should go with the majority, but at the same time the responsibilities should go along with them, and if Mr. Hargreaves was carried, his party must expect to do the work.

Mr. J. Armitage rose to support the amendment. He had not any personal feeling against Mr. Hargreaves, he was well qualified to fill the post, but he desired to enter his protest against the way in which he was elected as the beginning of the Council's existence, and the manner in which he got support. Going back to the time when the Board was first elected, Mr. Hargreaves was in Lofthouse and Carlton it was generally admitted, he said, that providing all other things were equal, honours should go to the person who had been in the chair the longest. Mr. Hargreaves was elected that night. Nearly the end of the twenty-two years of the past board, he had been in the hands of one or two of his representatives, and he was not fairly distributed, and he took it as a hardship and dirty action to have thrown him out of the position before he had occupied it for twelve months.

fair share of the work in consequence of the election of Chairman of the Council, he did not think the work would stand still. No man would see him take the chair (if he had been proposed) after the remarks that had been made (they were); he was not going to eat any humble pie or kiss anybody's toes. Reference having been made by Mr. J. Armitage to the understanding that Mr. J. Hargreaves was to be chairman of the House of Guardians, Mr. J. Hargreaves replied by saying that he (Mr. J. Armitage), monopolised more public office than anybody in the district; so far as the Chairmanship of the House of Guardians was concerned, he did not know that he was to be chairman, and he would give anybody £1,000 who could find a single man who could prove that he had spoken to any members of the Guardians about the election of himself as chairman.

Mr. G. Armitage: It is a well-known fact that Mr. J. Hargreaves is chairman-elect of the House of Guardians.

Coming back to the subject under discussion, Mr. J. Hargreaves said so far as he was concerned, he would not open his mouth. The Council just the same, no matter who was elected chairman. It did not matter to him two pins who was elected, and there was no need for any remarks. During the existence of the Council, he had tried to be without introducing any personal matters, and as far as he knew he had not spoken to any members of the Guardians about the election of himself as chairman. He had worked on the Committee and tried to do his duty. So far as his connection with Messrs. Charlesworth was concerned, he was not in any way connected with that firm, in fact he was proud of the connection, and felt it a great honour.

Mr. Hargreaves said it was the first time he had seen fit to take part in the debate on the election of a chairman; he would never be the man to sit down and let anybody else run rough-shod over him. Gentlemen present had for some time, had their knife into Messrs. Charlesworth, and persons interested in them. In private, he had stood up, but he would not do so in a public meeting. He was not in any way connected with that firm, in fact he was proud of the connection, and felt it a great honour.

Mr. T. Oliver, in reply to the remark by Mr. J. Hargreaves about having their knife into Messrs. Charlesworth, said it was a deliberate insult, as he had said nothing against Messrs. Charlesworth, but did protest against the manner in which the honours of the Council were being distributed.

Mr. J. Hargreaves: Actions speak louder than words, you had better try and persuade the electors to send representatives who will have a comfortable position if he were elected that night. Nearly the end of the twenty-two years of the past board, he had been in the hands of one or two of his representatives, and he was not fairly distributed, and he took it as a hardship and dirty action to have thrown him out of the position before he had occupied it for twelve months.

LEEDS AMATEUR OPERATIC SOCIETY.

"ERMINIE" AT THE GRAND THEATRE.

Our townsmen, Mr. Wm. Wright, solicitor, has often scored splendidly in providing dramatic entertainments at home, and we have to congratulate him on his bigging honours to himself and his native town, by winning the golden opinions from critics and the public in Leeds, on magnificent spectacle being presented this week. The following excerpt from a contemporary, is as good as anything we could give:

"Erminie," at the Grand Theatre, those responsible for the selection of "Erminie," are to be congratulated; it is an opera which, in addition to giving plenty of scope to the talents of the Grand Theatre, has been a wealth of bright, sparkling music. Moreover, whilst at one time the occasions on which "Erminie" figured on the play bills were given to the Grand Theatre, it was a success in no small degree, between it and some years since, Leeds people have had an opportunity of renewing or making its acquaintance. The present enterprise in the fifth of the fourth night, the Society have been responsible. Their first attempt was with "Erminie" in the Town Hall; it was an artistic success, but a financial failure. Next they produced "Fratres of Cordoba," which was a success in every way, and succeeded in making good money. Then Mr. Wm. Wright took upon himself the duties of the stage manager, and the bold step given to relieve the Grand Theatre, and the Leeds people of the burden of the opera.

Erminie proved the wisdom of adopting that course. Year before last, the opera played there was "Mazurka Angot," and a balance of £200 was handed over to the Leeds Charities. Twelve months "Les Cloches de Corneville" was produced, and the charities received £185, while £25 has since been given to the Leeds Charities. The Leeds people are hoping for even greater results this week. Nor is it likely to be so. The Leeds people are hoping for even greater results this week. Nor is it likely to be so.

STOURTON WESLEYAN CHAPEL BAZAAR.

The Wesleyans of Stourton have been once more on the alert during the Easter holidays, trying to raise money by a three days' bazaar, to lower the debt on the chapel which has recently been erected.

The Bazaar had been announced to open at 2-30 on Easter-Monday, and by that time, the School-room looked very pretty, with the well-filled stalls arranged round the room, Japanese lanterns, and the like.

Mr. J. Hargreaves, Esq., J.P., of Rothwell, kindly consented to open the sale. About three o'clock the room was nicely filled with people. The Rev. J. Cartwright called upon Mr. W. Stewart to introduce Mr. Hargreaves. Mr. Hargreaves, in a few encouraging words, said what a pleasure it was to him to introduce such a well-known friend, having known him for over four years. He also said that he thought the only he thought always existed between Rothwell and Stourton.

Mr. Hargreaves expressed his feeling of pleasure in doing anything to help the Wesleyan cause at Stourton, congratulating the people upon having such splendid weather, and wishing them every success.

Mr. Swales proposed a vote of thanks to Mr. Hargreaves, and Mr. Swales, seconded it. Mr. Hargreaves, in reply, declared the Bazaar open, giving two guineas subscription to the cause. Mr. W. Stewart, also contributed £1 towards the opening the first day.

On Tuesday, the Bazaar was re-opened under the same auspices, a number of ladies from the congregation being announced to open it. These arranged themselves at the front, and Rev. J. Cartwright opened the Bazaar, and Mr. Hargreaves, on one or two of the ladies to declare the bazaar open.

Mr. Swales proposed a vote of thanks to Mr. Hargreaves, and Mr. Swales, seconded it. Mr. Hargreaves, in reply, declared the Bazaar open, giving two guineas subscription to the cause. Mr. W. Stewart, also contributed £1 towards the opening the first day.

On Tuesday, the Bazaar was re-opened under the same auspices, a number of ladies from the congregation being announced to open it. These arranged themselves at the front, and Rev. J. Cartwright opened the Bazaar, and Mr. Hargreaves, on one or two of the ladies to declare the bazaar open.

Mr. Hargreaves and Mr. Hargreaves, in a few encouraging words, said what a pleasure it was to him to introduce such a well-known friend, having known him for over four years. He also said that he thought the only he thought always existed between Rothwell and Stourton.

Mr. Hargreaves expressed his feeling of pleasure in doing anything to help the Wesleyan cause at Stourton, congratulating the people upon having such splendid weather, and wishing them every success.

acted unwisely in taking a resolution on this subject at all, seeing that it was really a matter between Mr. Schofield and himself; he had apologized to Mr. Schofield, who accepted, and he thought the matter should have been dropped.

The Clerk suggested that it would have been better if the objection had been taken at the time.

The Chairman regretted that the question should have arisen at all, but having been reported to the Board, the members were bound to take cognizance of it.

Dr. Hawkyard said it did not strike him at the time that the resolution would appear on the books; and if there was no other means, he would have to move that the minutes be rescinded.

The Chairman rejoined that if the minutes were a correct record of the proceedings at the meeting, they must be signed; he was quite willing, however, to take the opinion of the Board.

Mr. Buttrick said that it was a correct record and ought to be signed; he moved that the minutes be signed; this was seconded by Mr. Robb.

Mr. Robb requested that the Clerk and Dr. Hawkyard be not settled the matter privately.

The Chairman: Yes, but it was Mr. Schofield's duty to see that the Board's property was properly taken care of.

The Clerk: It was expressly remarked by several members that the Board was in bringing the matter before the Board.

On being put to the vote, the resolution was carried by eleven yeas, Dr. Hawkyard and Mr. Robb being against.

REPORT OF A MEMBER.
A letter was read from Mr. Buttrick, son stating that his father was ill, and unable to attend the meeting.

On the motion of the Chairman, seconded by Dr. Hawkyard, a letter was ordered to be written, regretting the absence of Mr. Buttrick's father, and hoping he will soon recover.

POOR LAW CONFERENCE.
A meeting of the Yorkshire Poor Law Conference is to be held at Huddersfield on the 15th November, and it was unanimously resolved that Messrs. Barnby, Flockton and Hawkyard, with the Clerk, be representatives from this Board.

FOR THE THANKS.
A circular was placed before the Board from the Middleborough Guardians, asking the Board to support a memorial they were sending to the Home Office.

That on the production of testimonials or other satisfactory evidence, the Relieving Officer and the Chief Constable be authorized to grant to persons without necessitating any further search of employment, a way-ticket to Union, on the line of road between where they start from and the place to which they purport to travel, and that such Union be requested to provide the person producing the ticket with necessary food and lodgings for the night, and allow him to leave as early as possible the next morning.

And also that the food provided for such persons be of a similar amount and character to that given to the ordinary inmates of the Workhouse.

The Chairman mentioned that the plan in question was set on recently in the case of England and Germany.

Mr. Shaw, in supporting the plan, said that he was not least anxious to see that there were many bone-fide working men tramp the country in search of work, and Boards of Guardians should be careful to see that such persons be not induced to take advantage of those tickets.

As to the principal itself, he was quite willing to support the proposal. The Chairman said he had no doubt that these matters would be attended to by the Local Government Board; and the resolution supporting the memorial submitted by the Guardians of the Middleborough Union, was then unanimously carried.

THE WORK CASE.
It will be remembered that a man named James H. Gibney, applied for work in the last week of the Workhouse some time ago, preferring that to the work and wages offered him as a casual case of business in Hunsley.

He was refused at the time, but having again applied, the Board had sent him on to the Workhouse, and he was really sent for any other reason, and it was agreed that the man be induced to find an easier job in the Workhouse.

CHILDREN'S HOMES.
Several letters were read relating to the Children's Homes, to build at Rothwell, and advising sundry alterations, including an iron staircase outside, as a provision for escape in case of fire.

This proposal was strongly objected to by the Chairman and others, and the whole matter was referred to the Committee.

VACCINATION.
The Clerk said there appeared to be considerable competition amongst doctors as to vaccination. There had been 2178 births in Hunsley during the year, but only 347 children had been vaccinated.

The Clerk said that the people's hope of the country was being disturbed, and the work of the dairy was being thought, would be more affected.

And strong hopes of the country were becoming Christianized and brought to the Saviour's feet. He also spoke at length on the cause of the riots, the steadfastness with which the adherents to Christianity stood the test, and the ultimate result of the disturbances.

During the meeting, the young ladies were specially thanked for their efforts in providing the tea, the gross receipts of which went to the mission fund, and at the close the Rev. S. Workman proposed, and put a vote of thanks to the Chairman and the deputation.

A collection was taken at the meeting, which amounted to £23 16s. 4d., the gross receipts for the services, including a donation of £3 from the mission fund, being £23 19s. 10d.

As a permanent and successful source of revenue, the Board had been very successful in the past, and were of all kinds, we saw with us on the 15th of October, 1895.

WESLEYAN FOREIGN MISSIONS.
The annual services in connection with the Wesleyan Foreign Missionary Society, have this week been held at Rothwell, commencing on Sunday last.

The Rev. Professor Banks, chairman of the Leeds district, preached both morning and evening, his discourses being specially appropriate to the occasion, and were very ably assisted by the congregation.

In the afternoon, a juvenile mission meeting was held when the Sunday School scholars attended in good numbers, and were addressed by the Rev. E. Bulmer, and Mr. J. Butterick, (one of the superintendents), who occupied the chair.

A pleasing item in the afternoon's programme was the presence of two juvenile speakers, Master G. A. Scholey and Miss Florence Turner, who gave two little addresses in excellent style, calling forth the enthusiastic applause of their youthful audience.

On Monday, the Rev. W. T. Barber, M.A., late missionary in China, preached in the afternoon, with an increase of members on his list of 1988. The day of intercession last October had been one that gave encouragement to the missionaries in the foreign field, who esteemed the prayers of those at home no less precious than their gifts.

Amongst the people at home, too, there were valuable indications of increased zeal and expectancy. Turning to financial matters, Mr. Bulmer said the report was a most pleasing one. The contributions from the Rothwell circuit amounted to £108 14s. 10d. and £24 in advance of the previous year.

He then went on to give a detailed list of the subscriptions sent from Rothwell last year, with the various amounts collected in missionary boxes, at Christmas, &c. At the services held on Sunday, collections were taken amounting to £24 6s. 4d., while the collection taken at the services that afternoon amounted to 18s. 10d.

As a result of the young ladies' efforts in providing tea during the afternoon, the sum of £2 10s. 4d. was added to the total.

After the Chairman had delivered a short address, during which he expressed his sympathy with the mission, and his appreciation of the services of the young ladies, and the pleasure he had at being present at such a gathering as the present, he called upon the speaker of the evening, the Rev. W. T. Barber, to address the congregation.

Mr. Barber appeared, as advertised, in full Chinese costume. He had made himself acquainted with the Chinese language, and he said in order that he might give the Chinese object lesson. Although to an English audience, such dress as he was wearing appeared very ridiculous, he was not at all aware of the dress of an Englishman, not only ruled ridiculous, but was, to them, indecent.

ROTHWELL ARBITRATION CASE.
DAWSON'S TRUSTEES v. RAILWAY COMPANY.

All our readers will be well aware of the long-pending dispute between Mr. James Hawkyard (representing the late Mr. Wm. Dawson's trustees) and the South Leeds Junction Railway Company, in respect of purchase money and compensation for the acquisition of a piece of land, measuring 3 rods 16 perches, situated in Church Field, Rothwell, a portion of which has been used for the erection of the part of the railway line between Wood Lane and Dawson's Lane.

The question came up for settlement on Monday last, at the Great Northern Hotel, before Mr. C. H. Marriott, surveyor and valuer, of Dewsbury, and during the discussion, the future prospects of Rothwell were mentioned upon by various reports.

Mr. Thor Fenwick, C.E., of Leeds, was arbitrator for the railway company; Mr. John Farrer, land agent and surveyor, of Oulton, was not a party to Mr. Dawson's trustees; Mr. George Morrison, instructed by Messrs. Tennant, Barrell and Winbush, represented the claimants; and Mr. W. B. Barrow, instructed by Mr. Hm Day, appeared for the railway company. The claim was for £242, including an allowance for services done.

He came to some amicable arrangement with him for work done in the master of the proposed alterations, and then leave the premises. The intention, and thus leave the firm Board had therefore asked Mr. Coghill to send in his account which the Board considered was correct. Mr. Coghill was then invited to make any statement he thought proper. Mr. Coghill, in reply, said that he was not prepared to give any explanation of the alterations. He stated that he had prepared some twenty sheets of plans, showing alterations and additions, and that he had also prepared some sections according to the alterations and additions, and that he had also prepared a great amount of work. He stated that he was not prepared to give any explanation of the alterations, and that he was not prepared to give any explanation of the alterations. He stated that he was not prepared to give any explanation of the alterations, and that he was not prepared to give any explanation of the alterations.

Mr. Coghill having retired, the Board further discussed the subject, and it was unanimously agreed, on the motion of Mr. E. H. Lamm, that a final offer of \$230 be made to Mr. Coghill, the plans and specifications to become the property of the Board.

ACCOUNTS.
The heating apparatus put down by Mr. G. Tankard, of Leeds, having been proved satisfactory so far, and there being a guarantee for three years, it was resolved on the motion of the Chairman, seconded by Mr. Richardson, that the balance of £20 be now paid to him.

On the motion of the Chairman, seconded by Mr. Lunn, it was agreed that the following accounts and salaries, as recommended

WANTS.

On the motion of the chairman, seconded by Mr. Deanoir, it was agreed that a globe, value about £3 10s 0d, be purchased for Bothwell school. Also that the quarterly lists of wants be supplied, on the motion of Mr. Fatkin, seconded by Mr. Lunn.

PLAYS IN SCHOOLSROOMS.

Mr. Seanoir reported having received a letter from the Rev. G. H. Clark, curate at Thornton, in regard to having the schools licensed by the year, for the performance of stage plays, as now permitted by the Justices. Mr. Deanoir stated, however, that the

Mr. Stead, referring to some remarks which he had heard outside, asked Mr. Martin, if he had any knowledge of 'cramping' in his school, and whether the children were kept in till one, and five o'clock, respectively.

Mr Martin replied that if by 'cramping,' people meant leaving a lot of the work until just before the examination, and then simply filling the mind with certain information, it was an absurdity, and under the present modes of inspection would be no benefit. There was certainly no 'cramping' in his school, if that was what was meant, and there, it is no question.

CLUBHOUSE COURTNEYS.

Mr. Senator, as the oldest member on the Board and ex-chairman, rose to move that the committee be discharged. He pointed out to Mr. Butterick, their chairman, for the efficient and satisfactory manner in which he had conducted the business of the Board during the three years of his term. They all then gave a spontaneous and peculiar applause to themselves, and although Mr. Butterick, he had nothing but pleasant memories of both the Chairman and other members of the Board; and had very real pleasure in moving the discharge of the committee. Mr. Fakin, who in a few words fully endorsed Mr. Senator's remarks. Mr. Stead, Mr. Richardson and Mr. Lunn also spoke in a similar strain, and in putting the question of the discharge of the committee, Mr. Wright could not have been there, to finish up the proceedings with a full Board.

The resolution was cordially seconded by Mr. Scanlon, supported by Mr. Richardson and Mr. Stated, in response, felt honored in receiving thanks for his services, and assured them he had endeavored faithfully to do his duty, and would continue to do so.

Mr. Stated, in proposing a vote of thanks to Mr. Scanlon as chairman of Finance Committee and also of the Kishwaukee High Manual Training School, spoke of him as a capable colleague, especially in connection with the Finance Committee. Mr. Feltkin heartily seconded the resolution, which was carried.

Mr. Stated, in reply, said he had peculiar pleasure in receiving the thanks of the school members. He had had a long experience on the School Board, twenty-one years, and it had always been a pleasure to him to give all his spare time to the school members, in understanding the working of educational matters generally.

Mr. Stated, in closing, was sure they would not like to separate.

special pleasure in receiving this acknowledgment of his services, and also his satisfaction in seeing the Board separate so harmonious and gentlemanly a manner. It had always been and still would be his pleasure to give every information and assistance he possibly could to each member of the Board.

THE LOCAL CHARITIES.

Since the last meeting the Clerk had written to the Charity Commissioners, pointing out what was thought to be a misunderstanding by the Commissioners, as to the constitution of the trust of Crabtree's Charity. In reply the commissioners sent the following letter:—

Charity Commission,
October 21st, 1895.

Charity Commission,
September 13th. 1853.

Sir,

Referring to your letter of the 14th. ultimo, I am to state that the trustee of Gretnes's Charity are to distribute the income among poor widows and orphans residing in the towns, villages or hamlets of Rothwell and Oulton, exclusive of Boys's Green and Woodlee-ford, such payment to be made in equal portions between the said towns, under the direction of the fencible's trustees and the ministers and churchwardens for the time being of Rothwell and Oulton aforesaid. I am to add that if the Parish Council of Oulton desire to be represented on the trusts of Gretnes's Charity, they may, if they think it reasonable, apply to the commissioners stating the number of additional trustees which they are desirous of appointing for such charity.

The will be executed. The Clerk also referred to and read correspondence that had appeared in this journal, as to the above charities.

The Chairman: I should think the information held by the commissioners would be gathered from the will itself, and I think we should have a copy in the first place.

Mr. Bowen: The question should be thoroughly sifted; a copy of the will should be obtained and the commissioners confronted with a contradiction of their statements through the will.

Mr. Boothroyd: If we are to be represented on the trust, I should think we could get all the information required without resort

talors' wishes at present, the money had not gone into the right channel. It was quite a new thing to the Council, and any representative of the appointed should have all possible information.

Mr. Smith said that to procure a copy of the will was the first thing to do in order to come to a better understanding of the charity and that they had been told by Mr. Caldwell, who it appeared didn't seem to be fully acquainted with all the details himself, but in order that certain misunderstandings might, if possible, be cleared up.

After further conversation, the resolution was carried.

THE STOCKINGS LANE FOOTPATH.

On the motion of Mr. Boothroyd seconded by Mr. Smith it was decided that the Rural District Council be asked to purchase the footpath between the old and the bottom of Stockings Lane, and if possible divert the present water course.

Mr. Bowen also spoke of the serious danger which might befall the agricultural region of the county if the proposed highway in which the matter had been shelved by Council sitting at Hunslet. He trusted the meeting would make further arrangements to be made in the near future. Mr. Boothroyd said the suggested alteration would entail an expenditure of something like £200, and thought the matter might very properly be placed first of all before the meeting.

On the motion of Mr. Smith and Mr. Newsome, it was eventually decided to agree to the proposed alterations, and to take steps to purchase the two obstructing cottages, and make the necessary alterations, so as to remove the danger complained of.

Mr. Bowen, chairman of the Allotment committee, reported that his committee had heard from Mr. Farrer, who said that it was the intention of the Government that Bedford would be £3 per acre, per annum.

On the motion of Mr. Boothroyd and Mr. Karsone, authority was given the Committee to employ, if necessary, a competent valuer to ascertain what would be the probable valuation of the land in question.

HUNSLLET DISTRICT COUNCIL.

A meeting of the above was held on Wednesday afternoon at the Office, Glushouse Street, Hunslet, Mr. J. Farrer, J.P., presiding. There were also present Councillors Fryer, Pinder, Linn, Hollinson and the clerk (Mr. Schofield).

WATER SUPPLY.

A letter was read from the Wakefield Rural District Council, re a claim of £8 13s for water supplied to Hunslet. The Council had agreed to accept £4 6s in settlement, or proceed to arbitration. The offer was accepted.

SCARLET FEVER AT MIDLETON.

The medical officer, Dr. Dock, submitted a special report on an outbreak of scarlet fever in the Middleton district. The outbreak occurred during the month of November, and threatened to become a serious epidemic, seventeen cases being reported during that period. There had been an outbreak in the Woodhouse Hill district, and many of the Middleton cases were near the city boundary. The cases had mostly been of a mild nature, only one death having occurred, in an infant. During December there had been one case reported. Several cases had occurred that had not been notified, and in the Middleton district there appeared to be a great amount of ignorance as to the prevalence of the Infectious Disease Notification Act, adopted by the Council. The report concluded by urging the necessity of the strict enforcement of an isolation hospital by the united authorities of the district.

The Council decided to have notices printed and posted throughout the Council's district, drawing the public's attention to the necessity, under penalty, of reporting any case of infectious disease within the meaning of the Act.

THE AGONY OF THE ROTHWELL.

It was proposed by the chairman, seconded by the Rev. A. J. Irwin and carried, that clause ten be eliminated from the agreement with the Rothwell Urban District Council, regarding the treatment of sewage at Lemonry, and that a clause be added providing for payment of amounts due to Rothwell for treatment of sewage at Lemonry, on the 1st of January next, in each year.

REPAYMENT OF LOANS.

Arrangements had been made for repaying £1,200 loan, which was to be repaid at the rate of 3 per cent, the money previously loaned was to be repaid at the rate of 4 per cent. The clerk had received a communication from the firm referred to saying that they would not be able to lend the money by the time agreed upon.

APPLICATION FOR WATER.

Messrs. J. and J. Charlesworth made application for water from the Potterfield Road, to their locomotive engine shed at the bottom of the run. The Clerk said they had already quite sufficient connections of water to their reservoir, and that there would be a danger of the Oulton supply being stopped.

THE WATER INSPECTOR.

The water inspector called at the water works and gave his opinion on the question, Mr. Goulson not being there present at the meeting.

THE FOLLOWING CLERK ON THE COUNTY COUNCIL.

For main roads repairs for the past four months were ordered to be made: Wakefield and Aberford roads, £25 to 34; Leeds and Selby road, £82 to 71d.

THE COUNCIL'S REPORT.

Mr. Cockerham reported that the County Council's road inspector had been on the roads in his district, and had found the roads in a satisfactory condition.

THE LIGHTING OF HALTON HILL.

A letter was read from the Hunslet and Hunslet Rural District Council, asking the Hunslet Urban District Council to proceed with the lighting of Halton Hill, and suggesting that the Hunslet Urban District Council should be asked to contribute to the cost of the lighting of the hill.

THE MOTION OF MR. ROLLINSON.

On the motion of Mr. Rollinson and Mr. Fryer, it was agreed that the lamp be erected, the Council to find the pillars, and the Gas Co. to carry out all other necessary work.

NEXT WEEK'S CONCERT.

We are pleased to learn that, thanks to the promoters of the 'charity' concert, next Friday, all the reserved seats are taken, and the others are well on. Those who follow must not be disappointed, as the concert will be a most successful one.

THE FUTURE OF THE ROTHWELL.

By a thorough knowledge of the nature of the work which the Rothwell Urban District Council has to do, it is possible to see that the Rothwell Urban District Council is in a position to do much good for the poor of the district. The Rothwell Urban District Council has a large number of poor people, and it is the duty of the Council to do all that is possible to relieve their distress.

FOOTBALL.

On Saturday night last, at the Labour Club a lecture was given by A. R. Orage of Leeds (who by the way is well-known as a good speaker and an able debater) on "Work for the I.L.P." Mr. Orage, in the chair. The lecturer dealt with the Temperance, Alien Immigration, Old Age Pensions, a number of questions relating to the I.L.P. and other Socialist bodies had plenty of work to do before they reached the co-operative Commonwealth they were aiming at. The lecture was much enjoyed and the discussion carried on by several prominent local men until nearly 10 o'clock.

On Monday night last, impromptu speeches were given at the above club, Mr. W. Taylor in the chair. Amongst the subjects discussed were the following: "Parasites; from a socialist point of view." The present condition of the labourer; "Is the English condition of the labourer?" "Are the English churches doing their duty?" "Will the interests of the worker be better served by parties?" "Why is the labourer so poor?" "What is the cause of the different socialistic parties to amalgamate?" A lengthy discussion followed, and the Chairman reviewed the various questions briefly brought to a close a most enjoyable evening.

Batley, of Leeds, said that the object of the bazaar was to rub off a debt of £250 which had been incurred in providing a reading room in connection with the Hall; and he trusted that full advantage would be taken of the facilities thus offered for gaining information and improving the intelligence of the members. He remarked that during the last twelve years the Society had raised some £22,000, for various purposes, and their membership now reached 120. He then invited

Mr. Batley, who was warmly received, expressed his pleasure in assisting a Society which believed in 'self-help,' and had already succeeded in making those premises its own, besides the many improvements they had carried out. After referring to the serious

tain relations between this country and the United States, he encouraged his hearers to make good use of their opportunities for advancement. Although some people complained of the rates for supporting elementary schools, he maintained that the present were grand times for the son of the miner and the artisan, who could now rise to the highest positions in the kingdom. He did not wish them to think he was a teetotaler, but he would not drink the usual wine of the

Mr. Butterick, in moving a resolution of thanks to Mr. Bailey, said the Temperance Society were greatly indebted for support to gentlemen outside their own membership.

Mr. S. Sidebottom briefly seconded the resolution, which was carried, and the business of buying and selling proceeded.

Christmastide is always a high festival in the Church of England, and our grand old church has been well used during the glad some anniversary of the Saviour's birth. There was a choral celebration of the Holy

morning, followed by the full service at 10-30. Other services having been held during the two days following. The Church was tastefully but not lavishly decorated, and presented a very bright aspect.

A short service was held at eleven o'clock.

The members of the Salvation Army also held meetings during the day.
